ABOUT

WELCOME

FROM HEAD TO HEART, FROM MATTER TO SPIRIT.

Welcome and thank you for being here. You are about to read information on how the six Lion Gaia Codes came into being. As best as I can describe them, they are a healing system honouring the path of Direct Revelation. To cultivate direct knowing of the Self without judgement requires a safe space. It takes a great deal of trust and sensitivity to reconnect to our divine feminine wisdom. The feminine way extends beyond a linear, left brain approach to life and living. It goes beyond right or wrong to where do we express from, love or fear. Fear will never heal. Life is not all smooth sailing and the path of the lioness is not about creating the perfect reality, it honours our world as already perfect and that it is us who decides how we experience it. From love, love can be birthed.

Importantly, this is the truth of Lion Vanessa and like any spiritual information, you are your own authority for what is true for you.

CHAPTER ONE

INTO BEING

"THE MOST BEAUTIFUL THING WE CAN EXPERIENCE IS THE
MYSTERIOUS."
ALBERT EINSTEIN

You are about to engage with what feels like a life's work. From learning how to read, to my first Near Death Experience; together with every conscious and unconscious moment the path has been cleared to share this light technology.

The Lion Gaia Codes that have been presented have shown me a Way through fear that would otherwise not have been accessible. It is not frequency that is required to rewire DNA but consciousness, we do not know what we do not know (until we do).

My sense is that these Codes and their consciousness is my soul's way to be in sacred service. Since their arrival with the information that continues to come, it makes everything that has come before crystal clear.

The Codes are held in a structure that will be familiar to many light workers; they access the principles of sacred geometry and nature technology to connect you to the Divine within. Similar to a diamond our hearts have been polished to remember what is innate; for many, the technology and the Codes themselves are simply the return of our true nature without the many distortions that many of us have had to live with. An ascension path to live from the codex of our divine blueprint that is of pure heart and form.

To do this the Codes intelligently clear the places that are stuck. The obstacles, beliefs, and patterns that are hard to shift. They bring through the wisdom required to unravel the information block between you and the love you are.

Each of the Light Codes were received after June 2022. The frequency of the Codes and the Keys they carry are of the living consciousness of the Sun. The Keys pertain to a deeper wisdom that helps to illuminate aspects of the Self that can get stuck in human patterning making it a challenge to embody Spirit

Each of the Lion Gaia Codes emulate a temple experience. They honour the temple within and the path of the initiate. They celebrate the divine feminine principle of direct revelation; for the expansion of consciousness and vibrational circuitry.

Due to how the technology interacts with each individual and the guiding principles of Lion Vanessa, to provide an overview of the Codes would block you from having your own direct experience and receiving what you need as governed by your Higher Guidance.

These words are as encoded as the Codes themselves. It is time to lift the veils as we not only remember that we a community of souls here to live from the vibration of love but, also download the technology for this to be effortless. Life is meant to flow with ease.

CHAPTER TWO

6 GUIDING PRINCIPLES

"EVERYTHING HAS BEAUTY BUT NOT EVERYONE SEES IT."
CONFUCIUS

ONE. ASK AND YOU SHALL RECEIVE

To know sovereignty is to know the inherent power and ability you hold to create, ask and you shall receive. To co-create with a pure heart and intention holds infinite potential and is a divine gift given to all of creation. Be mindful that what you receive shall be in alignment with your highest good, be prepared to view things from a higher perspective and see any blocks.

TWO. DIRECT REVELATION

This intelligence is of no single or uniform message, your consciousness determines what your Higher Guidance brings forth. Direct revelation is the vibration of Love, given permission to communicate throughout your life in whatever Way will serve your highest good.

THREE. COMPASSION

Each Key opens high integrity, high vibrational portals of Light from the Etheric realms. Light can touch parts of the Self that initiate a shift (internal or external). A compassion-led approach to Self and other is encouraged to navigate the experience as Spirit intended.

FOUR. SIMPLE FAITH

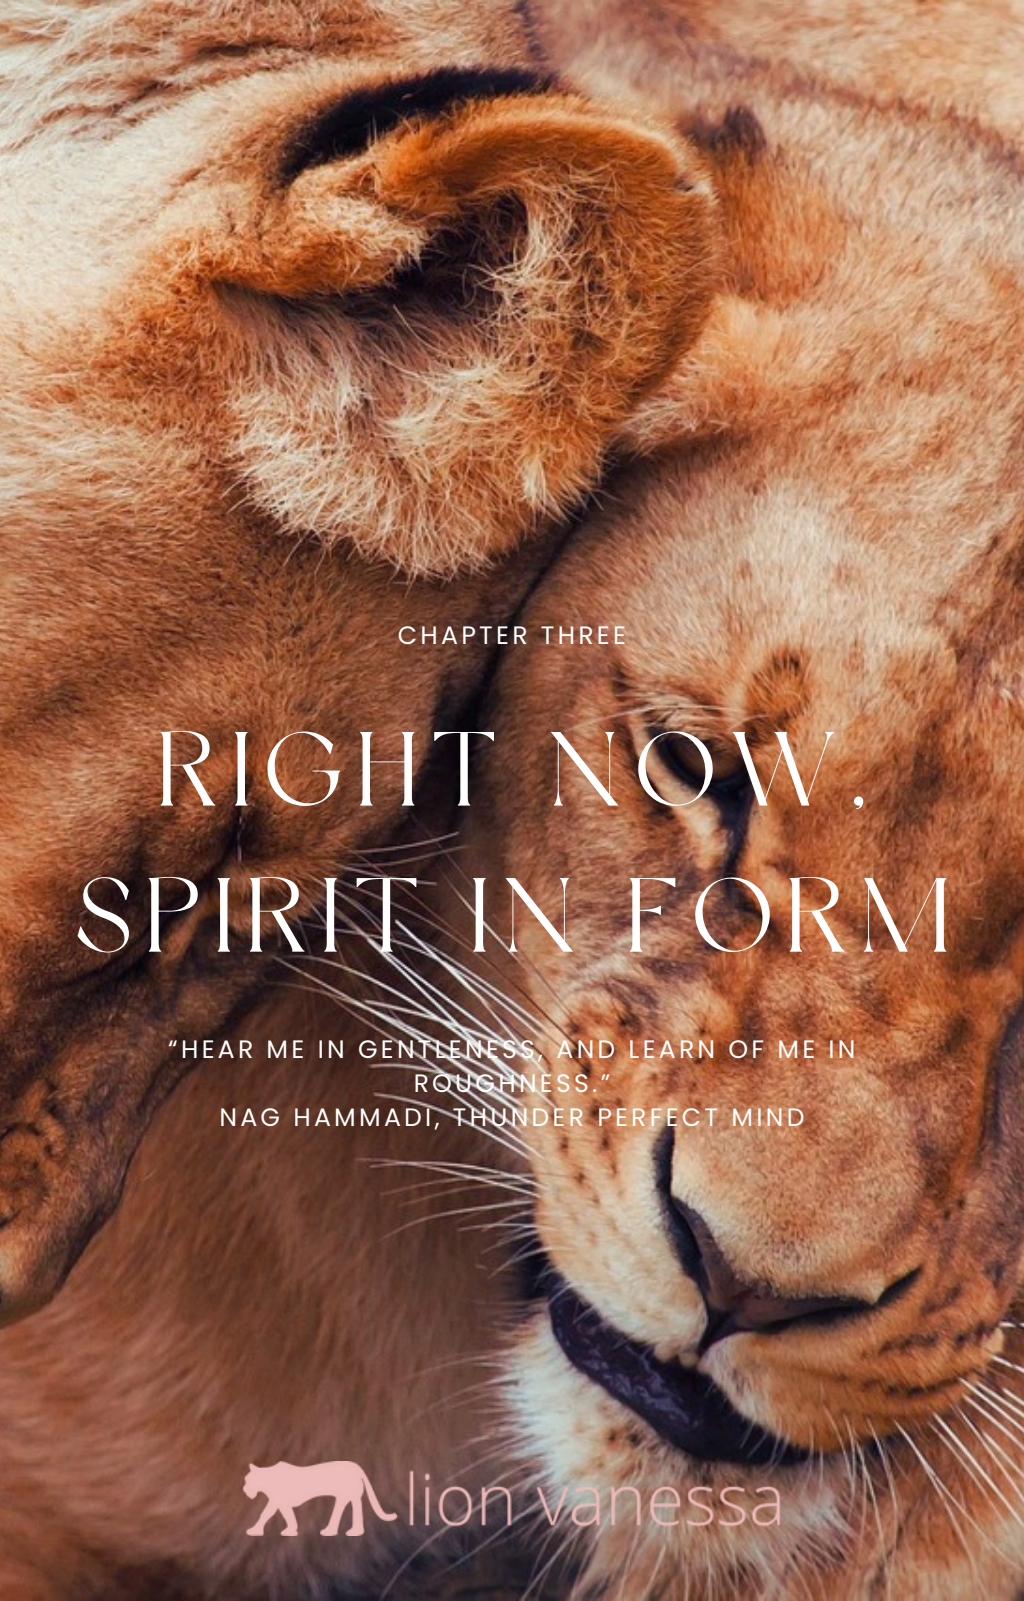

Simple Faith is the power of your Spirit being allowed to be your guide. To release the need to have an answer and open your Heart to Divine Will.

FIVE. NATURE

The perfect mirror is nature, untainted and complete in its ability to flow with the cycles of life. Nature/Crystals are the intermediary invited to support you be in direct vibrational alignment to receive the Keycode.

SIX. YOUR VOICE

Lion Vanessa welcomes your direct experience and voice, it is one way you can bring light into form. This process is one of witness. A sacred space is held to honour your process whether silent or vocal. Beings who know Heaven on Earth hold your hand.

CHAPTER THREE

RIGHT NOW, SPIRIT IN FORM

"HEAR ME IN GENTLENESS, AND LEARN OF ME IN
ROUGHNESS."

NAG HAMMADI, THUNDER PERFECT MIND

lion vanessa

The Lion Gaia Codes access a community of Light. It is my wish that you will both feel, sense and have soul remembrance of the Mother Guardians and Angelic Order of Light that have asked for these portals to be made manifest to bring Light into Form. We Are Family. It is also my prayer that the wisdom of the codes are revealed in the perfect Way.

Aromatherapy is an art form that has been celebrated throughout history for its alchemical properties to lift the Spirit and connect into the neighbouring bodies to soothe, restore and balance. Together with crystalline water technology that can speak to the body elemental and connect to Ancient waterways, the Codes are brought through.

Nature and Gaia are our medicine and our sanctity as we Walk the Path of Light. Nurture is the Key ingredient needed to water the seeds and practice the Love required for the Heart of Gaia to birth.

The Codes are streamed through Invitation and Stillness. Be Still and I am. Their vibration can be felt through the various products or having the linen/cotton Cloth Code that is provided with your purchase accessible.

The more you allow the more you will receive. This is not a guru or super power, it is the intelligence of nature, that is you, connecting with your Higher Guidance and allowing it to take form in a way that honours you.

CHAPTER FOUR

INSIGHT

"IT DOES NOT REQUIRE MANY WORDS TO SPEAK THE TRUTH."

CHIEF JOSEPH

lion vanessa

WHAT IS A LIGHT CODE?

A Light Code is one way the Light can be encoded and brought into physical form for the benefit of all embodied existence. A Code will carry certain information, patterning as if a continuous download or communication from its source. It carries a specific resonance and message that holds intelligence that can communicate to you in vibration as well as to your Higher Guidance system consciously or unconsciously.

WHAT ARE THE KEYS?

Put simply, the Keys are gateways to the journey home to Spirit. They track and utilise a path of Divine Feminine wisdom from within Inner Earth, for the ascension of Gaia. Insight into this path can be tracked back to the Emerald Tablets and is constantly evolving as we continue to co-create the next phase of our collective journey here upon the Earth.

HOW WERE THESE CODES BROUGHT INTO FORM?

Without any conscious awareness I was guided to transcribe the Light Codes one by one. At the time they held no value other than knowing they held a specific vibration and were under the guidance, tutelage of Thoth. As my path continued and my inner work took on more of a galactic focus, further information came to hand. The process was not planned, it was a step by step unfolding of creating from the Feminine and my own feline/leonine wisdom.

WHY IS THERE A STRONG FOCUS ON CLEARING?

We as a collective chose to descend. The current task is to ascend into Light, this is an embodied process. It requires the alchemical process of transforming light into form. To embody the Light we are required to know Spirit as who we are. This task requires clear sight. As we see through direct revelation more of our true self and nature, we can align and be at one with that field. I personally believe through my own direct experience this technology was brought forth to help with this process.

HOW DOES THIS TECHNOLOGY WORK EXACTLY?

To understand how a simple code channeled onto a piece of linen or cotton can as an act of metamorphosis be transferred into a crystalline water-based product held by the aliveness of its nature infused properties, and act as a catalyst to support your divine blue print is a mystery. The best way I can describe it is as defying what is currently known about data translation due to it being multi-dimensional in nature. It is from new earth and very specific in how it interacts with consciousness, pathways (Ancient Lineages of Light) and the body temple.

ARE THESE CODES FOR EVERYONE?

They have been designed to be accessible. They have been designed with a support network to not exclude, they come through the Heart of Gaia who is love. They hold intelligence that supports the vision that although we may follow a different path to the Heart, we all walk the same mountain.

HOW WILL I KNOW WHETHER THESE CODES ARE FOR ME?

Your inner guidance will know. You need not look outside yourself for the answer. If you go against your inner knowing who works for your highest good you may find this technology is not for you and may not be the best use of your time and funds. Listen to your heart.

WHAT HAPPENS NEXT. WILL THESE CODES EVOLVE?

The Codes are living consciousness, like all that exists we are infinite and potential in perfect balance. The intelligence is such that it can sustain the evolutionary path that you choose and continue to keep pace. It is highly likely that the form they choose will continue to evolve, this is Spirit being allowed the permission to flow. As a channel, I shall listen however, the integrity of the information and its flow shall remain in tact. This is abundance, it need not be limited nor exclusively held for those who are guided.
